My Apprenticeship at WISKA UK Ltd

WISKA UK Ltd was established in the year 2000, based in North Cornwall and selling to the Electrical Wholesale Market all around the UK. They are part of the WISKA Hoppmann GmbH Group, which specialises in Cable & Accessory systems for the Electrical Installation and Industrial markets, as well as Electrical and Lighting Products and specialised CCTV systems, for the Maritime market.

WISKA UK Ltd has grown through the development of our people, working with well-designed quality products. We are committed to providing staff with the resources and training needed to ensure they grow in their career. WISKA UK Ltd have been employing apprentices every year, 39% of the team have started as apprentices and 48% of employees have continued their learning while at WISKA UK with 40+ employees.

My name is Sophie, I have been working at WISKA UK Ltd for just under a year. My journey started working in the Production department, an opportunity arose 4 months ago for me to move into the office and start an apprenticeship. My apprenticeship started on the 1st of April 2022 with Truro & Penwith College doing the Business Admin Level 3, with learning, practical and studying involved.

My apprenticeship involves a variety of topics, from learning the history and the background of a business. This includes Digital Marketing, Personal development, Self-awareness, Interpersonal skills and Legislation. I have regular reviews with my college lecturer to keep up to date with my progress and being allowed the time to do college work while in working hours helps with any questions I may have and making sure I complete the work in sufficient time.

This course has helped me explore more about WISKA UK Ltd, the different departments and tasks they fulfil. The course is based on building up a showcase file, as I am still early into my apprenticeship, my aim is to finish my portfolio by the middle of March. After this is complete, I will go onto the mock assessments and the final project should be in June.

About WISKA

WISKA are the market leaders in the manufacture and supply of an innovative and quality range of cable entry systems, junction boxes and gel jointing products. WISKA was founded in Hamburg in 1919, and has been trading in the UK since 2000. WISKA operates its own research and development facilities and production plants in Germany, ensuring all products meet the highest standards in excellence. WISKA prides itself on offering quality solutions with friendly helpful service. WISKA, make power smile.
